

# Regeneration

## Lydian Sea

Regenerate the impoverished souls  
That echo you  
Bleed to feed the masses  
Soup line two times two They got your picture from the  
Sunday plain dealer that listed you, dead  
Forget the story there's a bounty on  
Your head they fingered you Right away, right away  
Green light, get a move on  
Right of way, right of way  
Stop sign, put the brakes on Right away, right away  
Green light, get a move on  
Right of way, right of way  
Stop sign, put the brakes on Positive cell regeneration  
Positive cell regeneration Celebrate the immortal youth  
That wasted you  
Peel the skin back from all the lies  
That blistered you They hold for ransom  
All the watered down truths  
That splintered your faith  
So sell your soul, because you're already  
Dead they've listed you Right away, right away  
Green light, get a move on  
Right of way, right of way  
Stop sign, put the brakes on Right away, right away  
Green light, get a move on  
Right of way, right of way  
Stop sign, put the brakes on To the fields where lesser mice go  
To the fields where men follow  
To the fields where lesser mice go  
To the fields where we all follow To the fields where lesser mice go  
To the fields where we all follow  
To the fields where lesser mice go  
To the fields where we all follow Right away, right away  
Green light, get a move on  
Right of way, right of way  
Stop sign, put the brakes on Right away, right away  
Green light, get a move on  
Right of way, right of way  
Stop sign, put the brakes on Positive cell regeneration

Positive cell regeneration
