23 Minutes In Brussels

Luna

Left my hotel in the city
Everythin' was clear and set
You were on your way and sittin' pretty
That was just a bait and switchSay a prayer for you and me
Say a prayer tell me do you miss me23 minutes in Brussels
Why can't they just leave us alone
Are we gonna to get into a tussle
Cannot take an airplane homeSay a prayer for you and me
Say a prayer tell me do you miss meSay a prayer for you and me
Say a prayer tell me do you miss meSay a prayer for you and me
Say a prayer tell me do you miss meSay a prayer for you and me
Say a prayer tell me do you miss me
