

# Bore Me (yawn)

**Fantasia Barrino**

You come creepin' in six in the mornin'  
Like ain't nobody supposed to know  
Say you been workin' but get in bed smellin' just like a fresh bar of soap  
Ask you about it just turn your back and get mad and then fall asleep  
Got a lot on your mind and an argument is the last thing you need  
Baby you trippin', it don't go that way  
This ain't no movie or a Tyler Perry play  
If you really wanted to mess around that's all you had to say  
It ain't gonna be itty bitty silly me so don't waste your energy  
Expect me to listen when all I keep hearin'  
Is you spittin' nothin' but game  
Expect me to stay when all you can say  
Is one day everything will change  
Don't wanna leave, wanna believe that you won't do me wrong  
But you're startin' to bore me, bore me, bore me  
Uh, yawn  
I ain't yellin', I'm tellin' you nothin' 'bout how I heard you gettin' down  
In the theater with sista girl over on the other side of town  
Ain't got no pictures but y'all might as well've been walkin' right into me  
Ain't no way in the hell I'ma let it ride but you do it to me  
Baby you trippin', it don't go that way  
This ain't no movie or a Tyler Perry play  
If you really wanted to mess around that's all you had to say  
It ain't gonna be itty bitty silly me so don't waste your energy  
Expect me to listen when all I keep hearin'  
Is you spittin' nothin' but game  
Expect me to stay when all you can say  
Is one day everything will change  
Don't wanna leave, wanna believe that you won't do me wrong  
But you're startin' to bore me, bore me, bore me  
I'm tellin' you that I refuse to let it go down like this  
Baby girl you musta bumped your head  
Every time you go assuming, you know you go make a fool out of you  
Got them other girls out of my world and you're the only one  
Tryna make it clear, hope you feel me my dear  
(How you gonna expect me?)  
Expect me to listen  
When all you keep spittin' nothin' but game  
Expect me to stay when all you can say

Is one day everything will change  
Don't wanna leave wanna believe that you gonna do me wrong  
But you're startin' to bore me, bore me, bore me  
Expect me to listen when all I keep hearin'  
Is you spittin' nothin' but game  
Expect me to stay when all you can say  
Is one day everything will change  
Don't wanna leave, wanna believe that you won't do me wrong  
But you're startin' to bore me, bore me, bore me  
Uh, yawn
