

Right Thing (feat. Ben Westbeeck)

Dennis Ferrer

(Ã—4)

Hard on me me me me

Instrumental

(Ã—4)

Just me and you

When I first saw you baby
Something changed and im in the crowd
You're what I'm searching for
I do believe it was a good thing ya
Sweet my soul I found you anyway
I wanna stick around so I can say
I have made the right decision
There's no doubt within my mind
That you're hard on me's a right thing ya

When the sun rises
It's just me and you
When the night falls
It's just me and you
When the dawn breaks I know
I believe we've done the right thing ya

(Ã—4)

Hard on me me me me

Instrumental

(Ã—8)

Hard on me me me me

Now that I found you baby
I can see I was ment for you
Because you've changed my life
I do believe it was a right thing ya
How I feel when you come my way
I think about your lovin everyday
There's no way I'd ever doubt it

I'm so clear within my mind
That you're hard on me's a right thing ya

(Ã—2)

When the sun rises
It's just me and you
When the night falls
It's just me and you
When the dawn breaks I know
I believe we've done the right thing ya
