Millennium

Stratovarius

The more I live, more clear it's each day
We've got to change our ways
There is no going back anymore
Eons rumble through spaceWe must find new ways to live
I know there's so much more to giveMillennium
Where do we go?
Millennium
Time will show
Forever more
The light will be guiding our journeyMillennium
Show us the way
Millennium
Into a new day
Forever more
Give us a chance to change
Ooh!People may come and people may go
The dance of time is eternal
What is the meaning of this cosmic play?
Will we see another day?We must find new ways to live
I know there's so much more to giveMillennium
Where do we go?
Millennium
Time will show
Forever more
The light will be guiding our journeyMillennium
Show us the way
Millennium
Into a new day
Forever more
Give us a chance to change
Ooh!Millennium
Where do we go?
Millennium
Time will show
Forever more
The light will be guiding our journeyMillennium
Show us the way
Millennium
Into a new day

Forever more
Give us a chance to change
Ooh!
