Beer Time

Justin Moore

Bird dog just had her puppies that's a hundred dollars cash apiece

This ol boy struck it country rich

Atleast for a couple of weeks

I owe my daddy that 50 spot

And the muffler shop the rest

But daddy and bubba's gonna have to waiibe got an empty ice chestBoys it's beer time

This whole towns dry

Headed to the county line

For something cold

I need a twelve pack in a brown paper sack

Ice it down in the back

Find a deep mud hole

I got my baby and some rowdy friends of mine

It's beer timeI heard bocephus was coming to town and I still had a little cash

I bought me a couple of nose bleed tickets

Way up in the back

It chilled me to the bone when he sang got

A shotgun rifle and a fourwheel drive

Crowd went crazy and I told my baby

It was worth every dimeNow it's beer time

Hear Hank play live country boy can survive

I need something cold

When the show ends party with my rowdy friends

Hell of a weekend

I ain't ready to go

Crack another top beneath the parking lot lights

It's beer timeBoys it's beer time

This whole towns dry

Headed to the county line

For something cold

I need a twelve pack in a brown paper sack

Ice it down in the back

Find a deep mud hole

I got my baby and some rowdy friends of mine

It's beer timeIt's 5 o'clock Friday afternoon

And it's beer time

Yeah the fish are bitin in a honeyhole

It's beer time
