

# Nothing Left To Lose

## The Alan Parsons Project

Nothing's good the news is bad  
The heat goes on and it drives you mad  
Scornful thoughts that fly your way You should turn away cause there's nothing more to say  
You gave the best you had to give  
You only had one life to live  
You fought so hard you were a slave After all you gave there was nothing left to save  
You've got nothing left to lose (you've got nothing left to lose)  
No you've got nothing left to lose (who'd want to be standing in your shoes)  
Nothing ventured nothing gained No more lingering doubt remained  
Nothing sacred or profane  
Everything to gain  
Cause you've nothing left
