

# I'd Rather He Left Me Alone

## Uncle Green

Dean-o's working in the dark of night  
Jumping jacks on channel 5  
Working late, out of spite  
Got no corner in the dark of night

So draw me a spade  
I got nowhere to go, yeah  
Might as well stay up late  
No one waitin' for me at home  
Yeah, sure I miss the old times  
But that's how I ended up in here  
I don't care if the king's up late  
I'd rather he left me alone

And all the money left in this world  
Can't make me go back how it was  
I'm all out of fortitude  
So I had to leave the business because  
It really got on my nerves  
Showed me the things it does

Dean-o's working in the dark of night  
But the TV's noisy and bright  
Tryin' to focus, tryin' to write  
Phone's not ringing in the dark of night

So draw me a spade  
I got nowhere to go, yeah  
Might as well stay up late  
No one waitin' for me at home  
Yeah, sure I miss the old times  
But that's how I ended up in here  
I don't care if the king's up late  
I'd rather he left me alone

And all the money left in this world  
Can't make me go back how it was  
It really got on my nerves  
Showed me the things it does

Dean-o's working in the dark of night  
Memories in black and white  
Sitting in his bed upright  
Not so funny in the dark of night

So draw me a spade  
I got nowhere to go, yeah  
Might as well stay up late  
No one waitin' for me at home  
Yeah, sure I miss the old times  
But that's how I ended up with you  
I don't care if the king's up late  
I'd rather he left me alone

I'd rather he left me alone  
I'd rather he left me alone  
I'd rather he left me alone  
(Dean-o's working in the dark of night)  
I'd rather he left me alone  
(Dean-o's working in the dark of night)  
I'd rather he left me alone  
(Dean-o's working in the dark of night)  
I'd rather he left me alone  
(Dean-o's working in the dark of night)

I'd rather he left me,  
I'd rather he left me

---
