Hopelessly Stoned

Hugo

I remember the things I've known
Take it back and fill out a form
Build another now

I'm on my ownJust hopeless

Hopelessly stoned. Fill my boots up to the sky

Try to find a new supply

Ask me yes, but don't ask whyI'm hopeless

Hopelessly stonedYou're the picture of restraint

You stood aside while I made my play

But anyway I was outta the gameAnd just hopeless

Hopelessly stonedOne degree is all it takes

To move apart and separate

Level out as I raise the stakesAnd just hopeless

Hopelessly stoned

Hopelessly stoned

Hopelessly stoned

Hopelessly stoned

Hopelessly stonedLike a bug on my windowpane

Safe inside from the wind and rain

Try to fly but it's all in vainJust hopeless

Hopelessly stonedWe'll let you in

But I don't want out

I can't get up

If I don't get down

From a whisper to a shoutI'm just hopeless

Hopelessly stoned

Hopelessly stoned

Hopelessly stoned

Hopelessly stoned

Hopelessly stonedGotta get up

Back up to zero

Gotta get up

Back up to zero

Gotta get up

Back up to zero

Gotta get up

Back up to zeroIf I get there

Will you want me?

Cuz there's nothing out there

Waiting for me
If I don't have youHopeless
Hopelessly stoned
Gotta get up
Back up to zero
Gotta get up
Back up to zeroHopelessly stoned
Gotta get up
Back up to zero
Gotta get up
Back up to zero
Hopelessly stonedIf I get there
Will you want me
Cuz there's nothing out there
Waiting for meIf I don't have you
