

# Motel In Memphis

## Old Crow Medicine Show

Were you there when the man  
From Atlanta was murdered in Memphis?  
Did you see him layin' at the Lorraine motel?  
Did you hear them say that the CIA is witness  
To the murder of a man at a motel in Memphis?Motel in Memphis, motel in Memphis  
Run and tell somebody there's blood on the riverside  
Old muddy water rollin' through Memphis  
If you were there you'd swear it was more than a man who diedDid you see Coretta?  
She was sobbin' in the corner in a black veil  
Did you see Mr. Crump in a white coat grin?  
Did you walk down river where the cotton woods are swingin'  
With ghostly bodies of man?Motel in Memphis, motel in Memphis  
Run and tell somebody there's blood on the riverside  
Old muddy water rollin' through Memphis  
If you were there you'd swear it was more than a man who diedWere you there with Mahalya wailin' at the  
funeral?  
Did you watch them lower his casket in?  
Did you tremble when you thought about the future  
And cry out for a modern man?Motel in Memphis, motel in Memphis  
Run and tell somebody there's blood on the riverside  
Old muddy water rollin' through Memphis  
If you were there you'd swear it was more than a man who died
