Fluke

Mates of State

We lied in so many words
We say that we'd take you down
To the water's edge and watch you drown
We lied in so many wordsWe don't need to drive
Hang us out to dry
About to bustWe don't need to drive, oh no
What you got?We lied in so many words
I said that I'd take you down
To the water's edge and watch you drown
We lied in so many wordsWe don't need to drive
Hang us out to dry
About to bust
We don't need to drive
We don't need toI saw you walking on the sidewalk
Your head was taller than the trees
The reconstruction had just started
And I knew we'd view it piece by pieceI can't say, who do I believe?
Chance would have it that way
I can't say, who do I believe?
I'll follow it at the same paceWhat do you think you see?The horses their collision courses
I know exactly what you mean
Cause I'm obsessed with what would happen
If we'd had never changed a thingI can't say, who do I believe?
Chance would have it that way
I can't say, who do I believe?
I'll follow it at the same paceI'm about to bust
