On My Mind

Athenaeum

Well I don't know what to think about it
It's just something that's been on my mind
If the mood ain't right you might say, "Goodnight"
Leave me here in this shallow bedroomYou take a little more than I can find
It all comes down to change my mind
And every word you say makes me feel so small
I just don't understand at allI don't know what you see inside me
Well I've been lucky so I can't complain
If the mood is right you might stay the night
Lead me into my humble bedroomYou took a little more than I could give
From all the life I've had to live
And every word you say makes me feel at home
I just don't want to be alone
