5-1-5-0

DJ Silk

Ever since I met you girl
You've been on my brain
I can't think of nothin' else
But you all night and day
It's like I've got a first class seat
Up on Ozzy's train
It's driving me insane
5-1-5-0 somebody call the po po
I'm going crazy
Thinking about you baby
5-1-5-0 just this side of loco
I'm going crazy
I think I love you baby
I got to get your number girl
I got to call you up
I got to get you ridin'
Shotgun in my truck
This little bit of you I got
It ain't good enough
Yeah you got me all messed up
5-1-5-0 somebody call the po po

I'm going crazy
Thinking about you baby
5-1-5-0 just this side of loco
I'm going crazy
I think I love you baby
Cause I aint never felt like this
(nah)
And I, I just need one kiss
From you, and I'll be good as new
If I don't get some of your sweet lovin'
No tellin' what I might do
5-1-5-0 somebody call the po po
Think I'm losin' my mind girl
5-1-5-0 just this side of loco
Yeah Yeah Yeah Yeah
5-1-5-0 somebody call the po po
I'm going crazy

Thinking about you baby
5-1-5-0 spinnin' my head like a yo-yo
I'm going crazy
I think I love you baby
