Give love

Rob Smith

Whisper softly to Me, share with Me your heart
And just ignore the world and what it does
I know that you?ve been hurting, you?ve been torn apart
And I pull you close and hold you in My arms
If you give love
I?ll return the love and you will see
So much more than you gave away
If you give love, give it to me
Listen very closely as I sing this song
And please believe that I mean every word
When I say, ?I love you?, I mean it with all My heart
Let it be the best thing that you?ve ever heard
If you give love
I?ll return the love and you will see
So much more than you gave away
If you give love, give it to me

Oh give it to me, oh
Whisper softly to me
Share with me your heart
If you give love
I?ll return the love and you will see
So much more than you gave away
If you give love
If you give love
I?ll return the love and you will see
So much more than you gave away
If you give love, give it to me
Oh, give it to me
Oh, give it to me
