Time Again (Ryan Mathiesen Radio Edit)

Jan Blomqvist

I came at 10
You left at 8
Time time again
I came too lateRealize that things just weren't working
Pretending that we were both blind
A billboarded couple blank frozen
Lunch on the terrace, like the dead we dineWhen I wanna sleep your just wakin
When I set a fire you complain 'bout the cold
Just like our sunny vacations
Stunning pictures they'll stay on the rollThrough love to hate
Goes round again
Wake up too late
No sense or planShiftless and weak
Comfortably numb
Words would not speak
Not leave my toungeFinger rests over the button
Blank looks whiter than white
You said it all, you said nothing
The end comes without a fightWe were close at the start without thinking
Caught up after one Berlin night
Then red flags and warning lights blinking
To cut the ties, time was just never rightYou left at 8
I came at 10
You didn't wait
Time and time againObviously
We weren't great
But you areWe weren't enough
But you should know
You areIt wasn't right
Its never but
You areYou are
Yes, you areI came at 10
You left at 8
Time time again
I came too lateYou left at 8
I came at 10
You didn't wait
Time and time againTime and time again
