

Time Again (Ryan Mathiesen Radio Edit)

Jan Blomqvist

I came at 10
You left at 8
Time time again
I came too late Realize that things just weren't working
Pretending that we were both blind
A billboarded couple blank frozen
Lunch on the terrace, like the dead we dine When I wanna sleep your just wakin
When I set a fire you complain 'bout the cold
Just like our sunny vacations
Stunning pictures they'll stay on the roll Through love to hate
Goes round again
Wake up too late
No sense or plan Shiftless and weak
Comfortably numb
Words would not speak
Not leave my tounge Finger rests over the button
Blank looks whiter than white
You said it all, you said nothing
The end comes without a fight We were close at the start without thinking
Caught up after one Berlin night
Then red flags and warning lights blinking
To cut the ties, time was just never right You left at 8
I came at 10
You didn't wait
Time and time again Obviously
We weren't great
But you are We weren't enough
But you should know
You are It wasn't right
Its never but
You are You are
Yes, you are I came at 10
You left at 8
Time time again
I came too late You left at 8
I came at 10
You didn't wait
Time and time again Time and time again
