Good Day To Die

Sofa Surfers

I woke up wrong this morning
No reason why
Los Angeles is pouring and Im like any guy
Sophisticated ladies Ive never known
So many little babies stuck without a homeIts a good day to die so come knock me over
Say goodbye
Its a good day to dieI get a hold of something
Cant let it go
And if it leads to nothing
Well, at least I know
The weatherman he told me its getting cold
Now its the same old story
Pockets filled with goldIts a good day to die so come knock me over
Say goodbye
Ill be on my way
Its a tumble and tide pulling me under
So turn out the lights
Its a good day to...I get a hold of something
Cant let it go
And if it leads to nothing
Well, at least I know
Well, at least I knowIts a good day to die so come knock me over
Say goodbye
Ill be on my way
Its a tumble and tide pulling me under
So turn out the lights
Its a good day to...
