

Not Without a Fight

Pillar

There's a hole in my heart that's bleeding
But it's giving me strength I needed
To carry on, I'm moving on
I'm not giving up that easily I can see the background breaking
It does not stop the scars were making
I'm standing strong, it won't be long
Until I see you face to face I'm not going down that easy
It takes more than that just to break me
I'm not going down without bleeding
I'm not going down, down without a fight It never mattered what I took for chances
It never mattered where I looked for answers
I'm taking the blame, this isn't a game
I just can't watch you fake it I'm not going down that easy
It takes more than that just to break me
I'm not going down without bleeding
I'm not going down, down without a fight I won't go down without a fight
It's just you and me tonight
Face to face and do or die
I lay it all out on the line I won't go down without a fight
It's just you and me tonight
Face to face and do or die
I lay it all out on the line I'm not going down
I'm not going down
I'm not going down without a fight
Without a fight I'm not going down that easy
It takes more than that just to break me
I'm not going down without bleeding
I'm not going down, down without a fight
