Onceagain

Lylo

I've been working all I can
Get back to you nightly
You know I got no plans
Hoping that you might be
Slip into my bed
Baby do me nicely
Baby do me nicely
Once again

Once again

Once again

Once again

I've been working all I can
Get back to you nightly
You know I got no plans
Hoping that you might be
Slip into my bed
Baby do me nicely
Baby do me nicely

Once again
Thinking 'bout your body
Thinking 'bout your hands
Where they go so lightly
Slip into my bed
Baby do me nightly
Baby do me nightly

Once again

I've been working all I can
Get back to you nightly
You know I got no plans
Hoping that you might be
Slip into my bed
Baby do me nicely

Baby do me nicely

Once again
Thinking 'bout your body
Thinking 'bout your hands
Where they go so lightly
Slip into my bed
Baby do me nightly
Baby do me nightly

(love baby, your love baby, love baby, your love baby, your love)

I've been living in a dream baby
I know what I want
Want you to crawl up on my side baby
Just wanna give me all your love
I've been living in a dream
I know you want it on the floor baby
Want you to show me all your love
Show me all your love baby

(love baby, your love baby, love baby, your love baby)

I've been working all I can
Get back to you nightly
You know I got no plans
Hoping that you might be
Slip into my bed
Baby do me nicely
Baby do me nicely

Once again
Thinking bout your body
Thinking bout your hands
Where they go so lightly
Slip into my bed
Baby do me nightly
Baby do me nightly
