

Things That Made Me Change

Macy Gray

Sure would like to see you
And visit your big house in the sky
I wish you didn't have to leave us
But since you're gone the time sure does fly
And I don't get too attached too much anymore
It's a different world and I'm a different girl
And all the rain and all the pain I hope it's for the good
'Cause I know I'll never be the same
These are things that made me change
I hope it's for the good
'Cause I know I'll never be the same
So proud to have your baby
Till you up and left us alone
Would you care that it drove me crazy?
I have to make it on my own
And, I don't get too attached too much anymore
It's a different world and I'm a different girl
All the rain and all the pain I hope it's for the good
'Cause I know I'll never be the same
These are things that made me change
I hope it's for the good
'Cause I know I'll never be the same
Pray the Lord my soul to keep
I try to hang on to the best of me
But changes keep on changing me
I just want to love who I turn out to be
All the rain and all the pain I hope it's for the good
'Cause I know I'll never be the same
These are things that made me change
I hope it's for the good
'Cause I know I'll never be the same
All the rain and all the pain I hope it's for the good
'Cause I know I'll never be the same
These are things that made me change
I hope it's for the good
'Cause I know I'll never be the same
All the rain and all the pain I hope it's for the good
I know I'll never be the same
It's a different world and I'm a different girl

These are things that made me change
I hope it's for the good
'Cause I know I'll never be the same
