

# Spoonfed

## .hinge

Forces in my mind talking all the time  
Don't let the home fires burn away  
Spoonfed mush and jam  
Spoonfed peas and ham  
And all the medicine they can  
And I'm stuck in this place  
I never wanted to be here  
You gotta help me mom and dad  
I never wanted to be here  
They lock me in my room  
They think I'm crazy

If you had all these rules  
You would be crazy too  
Forces in my mind talking all the time  
And I'm stuck in this place  
I never wanted to be here  
You gotta help me mom and dad  
I never wanted to be here  
They lock me in my room  
They think I'm crazy  
Crazy crazy crazy
