Jerome

Lykke Li

Front and back, you're on my mind, your name is in my ceiling
And how I know, I know you're mine and for you are not leaving
I hear your shouting, I feel your pounding
Now you're mine, you're mine again, say you'd never leave me
In my mind I hear your song, it's playing while I'm dreaming
And then it means to make it real but couldn't stop my feeling
I hear your crying, I feel you winding
Now you're mine, you're mine again, swear you'd never leave me
Oh, oh, Jerome
Oh, oh, Jerome
I'm screaming at nothing, Jerome
You got me for nothing, Jerome
Front and back, you're on my mind, your name is in my ceiling
And how I know, I know you're mine and for you are not leaving
I hear your shouting, I feel your pounding
Now you're mine, you're mine again, say you'll never leave me
Oh, oh, Jerome
Oh, oh, Jerome
I'm screaming at nothing, Jerome
You got me for nothing, Jerome
Oh, oh, Jerome
Oh, oh, Jerome
I'm screaming at nothing, Jerome
You got me for nothing, Jerome
