Long Long Time

Rebel Souljahz

Yeahhh, whoa, whoa, yeahhh
Memories flow right through my mind
About the good and the bad times
Now I'm realizing how fast time fly's
When I'm looking into your eyes
Said I remember the first time
Girl when you were mine
Now I must leave it all behind
Its been a long, long time since I seen you
And now you're gone, it makes me feel alone
Its been a long, long time since I heard from you girl, baby
Cause you were the girl of my world, yeah
My world, my world, yeah
Did everything just to keep you out of harm
Cause I was holding you in my arms
Now those day are just memories
Cause there's no longer a you and me
Said I remember the first time, girl when you were mine
Now I must leave it all behind
Its been a long, long time since I seen you
And now you're gone, it makes me feel alone
Its been a long, long time since I heard from you girl, baby
Cause you were the girl of my world, yeah
My world, my world, yeah
Lord have mercy
From the first time that I met you, you put shivers down my spine
I took you out to dinner, show you baby what you mine
From a day to a month, to a month to the ring, that we were a meant to be
But girl its plain and simple
I'm loving you eternally
Its been a long, long time since I seen you
And now you're gone, it makes me feel alone
Its been a long, long time since I heard from you girl, baby
Cause you were the girl of my world, yeah
My world, my world, yeah
Yeahhh, whoa, whoa
Memories flow right through my mind
About the good and the bad times
Now those days are just memory

Cause there's no longer a you and me
Said I remember the first time
Girl when you were mine
Now I must leave it all behind
Its been a long, long time since I seen you
And now you're gone, it makes me feel alone
Its been a long, long time since I heard from you girl, baby
Cause you were the girl of my world, yeah
My world, my world, yeah
My world, my world, yeah
My world, my world
