

She's Just a Freak

Advisory - the following lyrics contain explicit language:

I fucked you, you fucked me
We had one fat ass orgy
With a dick in your mouth and one up in your cunt
Nothin' but a freak and no future in the front
Bitches be lovin' how I dick 'em
When I get them in the mood to fuck
They hold up all my nuts and lick 'em
They break me off cash flow
Any damn thing I ask for
So a nigga paid up the asshole
Some fools be thinkin'
They gotta win her like Bruce Jinnah
But Joe Tenner is lettin' every nigger run up in her
Most of the tricks I pick up
Like to get fucked
As a bitch is a bitch as a hoe is a quick nut
Like this slut named Kim I knew
She fucked me, fucked him
And she fucked all of them too
So we worked the train on her
And left enough stains on her neck
Lookin' like a gold chain on her
No free high, the hoochie couldn't find two
Even though she popped that coochie
Like the hole from 2 live crew
So if you bump into this bitch on the streets
And you like the pussy deep, nigga speak
Because she's just a freak
I fucked you, you fucked me
We had one fat ass orgy
With a dick in your mouth and one up in your cunt
'Cause a bitch is a bitch as a hoe is a quick nut
I'll be rollin' through your cup, mother fuck, you what's up
It's that little nigga yuck and I don't give a fuck
Rollin' through your neighborhood
Motherfucker, yo it's me, the capital N U C K L to the E
See this is for them hoes and the trick tramp sluts

All these stupid bitches on my motherfuckin' nuts
All up on my nuts 'cause a niggas gettin' richer
Didn't mean to hit ya, hope you get the picture
Back in 91' you was a little bit stuck up
Actin' like you didn't have time for the fuck up
Tryin' to walk the halls, wit that little switch
Tryin' to play that roll but you ain't nothin' but a bitch
A bitch on my dick 'cause you hoes make me sick
Come and get a lick of the dicks do a trick
Caught you in the mix with a fix turnin' tricks
Fuckin' one nigga while you lickin' two dicks
She's a freak I fucked you, you fucked me
We had one fat ass orgy
With a dick in your mouth and one up in your cunt
Nothin' but a freak and no future in the front I fucked you, you fucked me
We had one fat ass orgy
With a dick in your mouth and one up in your cunt
'Cause a bitch is a bitch as a hoe is a quick nut
My dick up and hick up bitch but don't stick up your nose
'Cause you don't look shit like En Vogue
Hoes taxi around them gold ones
Actin' like they don't fuck no one be the master like Sho Gun
At the hot tubs makin' a gang of waves
Hoe in the cunt doin' stunts like super dave
Ballas call her the human giraffe
No joke 'cause that ass be deep throatin' niggas on the quick fast
With no whiplash You see me footin' it but couldn't it be cool
Won't buy you assy food when we cruise, you lose
She give niggas blues like 505, don't ask why
I guess that stank bitch is a fall guy
You got no bucks, you can't fuck, we'll that's how I put it
C&H got that hole on tape, straight footage
The same bitch that wouldn't speak was on the TV screen
Suckin' everybody mean because she's just a freak I fucked you, you fucked me
We had one fat ass orgy
With a dick in your mouth and one up in your cunt
Nothin' but a freak and no future in the front I fucked you, you fucked me
We had one fat ass orgy
With a dick in your mouth and one up in your cunt
'Cause a bitch is a bitch as a hoe is a quick nut I fucked you, you fucked me
We had one fat ass orgy
With a dick in your mouth and one up in your cunt
Nothin' but a freak and no future in the front I fucked you, you fucked me
We had one fat ass orgy
With a dick in your mouth and one up in your cunt
