Black + Blue

Christina Perri

And I've been meaning to say this to you.
My heart isn't black and blue anymore
And your words don't mean a thing
When they're sung in vain

Maybe I was wrong
I only remember feeling so alone

This isn't were I meant to lay down
But you dug this grave
Fits me perfectly

And if you're asking if I'm over love
You're a fool to believe
That you gave me some

It's been raining here like it never should
And I can't help but believe it's because you're coming

And if a child wants to run away and a child wants to hide
Oh, don't come following your fantasy,
Cause you might be surprised she'll run right back inside

Maybe I was wrong
I only remember feeling so alone

This isn't where I meant to lay down
But you dug this grave
Fits me perfectly

And if your asking if I'm over love
You're a fool to believe,
You're a fool to believe that you gave me some.
