Bulletproof

Sarah Geronimo

Dearly beloved
We are gathered here today
To Celebrate two people in love
Empty promises
Made along the way
Stolen nights, I hope you had your finSo you can have that ring back
Walk on me like a doormat
Go ahead pull the trigger
Pull me out of my misery
Leave me here to bleed
Go ahead pull the trigger'Cause you can take me all that I have
But you can't break me, I'm stronger than that
I would've taken two million shots
And given everything I got
'Cause you can't break me, Im stronger than that
I'm bulletproofAshes to ashes
The flowers wilt away
Burying this sad excuse for love
Almost lost myself
A fool wanting to stay
Tryin' to save what we both knew was doneSo you can have that ring back
Walk on me like a doormat
Go ahead pull the trigger
Pull me out of my misery
Leave me here to bleed
Go ahead pull the trigger'Cause you can take me all that I have
But you can't break me, I'm stronger than that
I would've taken two million shots
And given everything I got
'Cause you can't break me, Im stronger than thatI'm bulletproof
Fire away, give me all that you got
I'm bulletproof
Shoot to kill, hit me with you best shot
I'm bulletproof
And this heart can't feel a damn thing
No matter what you do
I'm bulletproof'Cause you can take me all that I have
But you can't break me, I'm stronger than that
I would've taken two million shots

And given everything I got
'Cause you can't break me, Im stronger than that
I'm bulletproof
Oh, I'm bulletproof
I'm bulletproof
