

Intro (Sommone)

Trina

yo, this is some more of the bitch that has her comedy game on lock.
this is the mother fuckin roll call so listen up.
all the ladies, nubian queens,
black princesses, african goddesses, choir girls, young girls, models,
skeezers, bitches, hoes, players, dikes, divas, house wives, gold diggers,
sex chasers, cum guzzlers, chicken heads, crack heads, baller bitches,
shake dancers, and boosters.
say what you want, we're all one in the same.
no matter what they call you, or you call yourself.
theres only 3 rules in this game:
keep your nappy-ass hair done, do your mother fucking sit-ups,
and whenever you lay on your back, make sure your paper is stacked.
and with all that said and done, diamond princess,
take this shit to another level.
