

# We Can Get Wild

**Mark Knopfler**

We're old enough for leaving home  
The old Joanna and the old trombone  
It's all going on, I'm growing my sideboards long  
Hey, you and me can be who we want to be Listen now, right here  
It's gonna be a beautiful year Calling it a teenage scene and I have a dream  
Don't know if I'll be a star and I'm gonna play guitar  
I've seen this rocking cat, I wanna be just like that Listen now, right here  
It's gonna be a beautiful year Hey, look at you baby  
Tell your daddy you're no child  
Look at you baby  
We can get wild, oh yeah We'll be on our own, Billy Fury on a gramophone  
Take you to the pictures and a dance in my drainpipe pants  
Check the mirror and the old DA and you can play in a day Listen now, right here  
It's gonna be a beautiful year Hey, look at you baby  
Tell your daddy you're no child  
Hey, look at you baby  
We can get wild Hey, look at you baby  
Tell your daddy you're no child  
Hey, look at you baby  
We can get wild Hey, we can get wild  
We can get wild  
Get wild
