Devil Made Me Do It

Rupaul

Music
Turn it up a little louder
Feels like magic from the waist down
Can't be wrong
This kinda sin feels so right to me
It's alright
Touch my body it's on fire
Hot as hell or is ti heaven?
All night long we're gonna burn for eternity
:Chorus:
(They Say)
Why'd you do it?
Devil made me do it
(Burning up)
Why'd you do it?
Devil made me do this dance. (x2)
Stop now
Hold this moment in a window
You and I we never follow

We take need from our desire to be free
:Chorus:
(Pray to the Hold Ghost to save your soul.)
Pray
Can you save my soul?
Can you save my soul?
Somebody please come save me.
Pray
Can you save my soul?
Somebody save my soul.
Somebody please come save me.
(Whooaaa
Ohhh Ohhh
I'm burning up..
Un huh yeah hee
Devil made me do this dance)
:Chorus:
