

I Wish I Was A Girl

The Vaccines

You walk into the room with refine and poise
Bewitching, enthralling all of the boys
You're so chic and you're so sweet
And oh

I wish I was a girl
Yeah I wish I was a girl

You seductive mystery
You're a revelation to me
Life is easy when you're easy on the eye
And I

I wish I was a girl
Yeah I
Wish I was a girl

Cause yr appeal's an open door
That you float through in year Haute couture
Dolce and Gabbana, Mcqueen ? Prada
? on mulberry, Givenchy and Escada

Oh I
I wish I was a girl
