The Way I Feel About You

Compulsive Gamblers

Well, hello, hey, how you doin'?
Haven't seen you in a while
Ya, it's been a while
Girl, I really missed that smile
And that thing you do with your tongue
Still drives me wild, you silly
Girl, you gotta have some kids by now
Yeah, I have a little girl
I heard your brother just got out
Yeah, two weeks ago, he's doin' good too
Girl, I still get choked up when I think about
How this time done tore us apart
But you were never far from my mind
Or from my heart, girl you know
You know the why I feel about you
You know the way I feel about you
Now and forever
You know the why I feel about you
You know the way I feel about you
Now and forever
So, how's your sister?
You know Brenda, she's cool
Heard she finally bought that house
It's little but it's hers
Bet that makes your Mamma proud
Yeah, yeah, she's happy
To see all the hard work of raisin' y'all paid off
Girl, that's what I'm talkin' 'bout
So, when you come back in town
Maybe we can go somewhere and hang out
Yeah, I'd like that
'Cause no matter where you are in this world
To me you'll always be my girl, don't you see?
You know the why I feel about you
You know the way I feel about you
Now and forever
You know the why I feel about you
You know the way I feel about you
Now and forever

And just when I thought
Okay, I like her, she's good for me'
You know, I find out she's got kids
