

Crossover

Travis Greene

Oh yeah, oh yeah
Hm Walking out of slavery
Into all that God has planned for me
Chains are falling at my feet
Moving forward, now I see
My past can't go with me
As I step into my destiny now We walk to freedom
What we see right now
We'll never see again
As we crossover to your promise
Our past behind us
Nothing can stop us now
As we crossover to your promise
Hey, who I was (who I was before I leave)
There is so much more
There is so much more waiting for me
Walls are falling (walls are falling at my feet)
I'm moving forward
Moving forward, now I see Oh oh oh
(My past can't go with me)
As I step (as I step into my destiny)
My past (my past can't go with me)
As I step into my destiny now
Come on lift it up together
That we walk (we walk)
To freedom (to freedom)
What we, what we see right now
We'll never see again
Ey, as we crossover to your promise
Our past (our past)
Is going beyond (behind us)
(Nothing can stop us now)
As we crossover (as we crossover to your promise)
We crossover to your (as we crossover to your promise)
Clap your hands, come on, yeah
We turn to crossover Out of the grave back into life
From under shame into your light
There are no chains, wooh, on the other side
We're crossing over, over Out of the grave back into life

From under shame into your light
There are no chains on the other side
We're crossing over
I feel Jesus in the room (over)
I remember him(Out of the grave) hey (back into life)
From under shame into your light
There are no chains (on the other side)
We're crossing (we're crossing over, over)As my past can't go with me
As I step into my destiny now, woohWe walk to freedom
What we see, what we see right now
We'll never see again
As we crossover to your promise
Our past (our past) is behind us (behind us)
Nothing (nothing), nothing can stop us now (can stop us now)
As we crossover (as we crossover to your promise)
Here we goOut of the grave back into life
From under shame into your light
(There are no chains) no chains (on the other side)
We're crossing (we're crossing over), we're crossing (over)
Out of the grave, out of (out of the grave back into life)
(From under shame into your light)
(There are no chains on the other side)
(We're crossing over, over)Wooh
'Cause my past can't go with me
As i step into my destiny
