

Frozen (Live Recording '95)

Dissection

Far beyond all light
Within the black and the cold breeze
Caressed by the dark I had my sleep
Awakened by the moon
Nocturnal life, my powers to be
Keeping myself alive by sucking you mortals' blood...
Frozen winds of immortality
as I drown in obscurity
Still feeling the taste of blood...
It makes me so strong...
I spread my wings...
Into soul winter I fly...
Tears in my eyes turn into fire
as where I belong...
The cold within, it chills my skin,
my heart and soul...
In ecstasy I shred myself
to release what's held within
In solitude I'm having my pride
I, Transylvanian son...
Frozen winds of immortality
as I drown in obscurity
I fall deep into what's for me unseen
Eternal flames lick my face
In purgatory I'm all within
But I'm forever bound to my frozen soul...
