This Is Your Song

Ronan Keating

Live your life to the full
With a lifetime of smiles
Made us know right from wrong
Always knowin' a lieYou made us to be tough
But never too rough
Rise above's what you said
Never easily leadAnd one day we'll all sing along
'Cause this is your song
We wrote it for you
And it won't take all day just a minute or twoYou are our friend
Walk with you till the end
And one day we'll all sing along
'Cause this is your songSo we,ll try and go on
Lovin' all that we know
Through the hardest of times
You put on a showYou made us stand tall
When all around us would fall
Even when you were low
You believed you could flyAnd one day we'll all sing along
'Cause this is your song
We wrote it for you
It won't take all day just a minute or twoYou are our friend
Walk with you till the end
And one day we'll all sing along
'Cause this is your songAnd one day we'll all sing along
'Cause this is your song
I wrote it for you
It'll take all our lives just to help us get throughYou were our friend
Walk with you till the end
And one day we'll all sing along
And one day we'll all sing along
'Cause this is your song
