

# When I'm With You

**Brodie**

It doesn't matter what we do  
Just as long as I'm with you  
I'd do the same thing every day I've never felt like this before  
you keep me coming back for more  
and you know I'm here to stay I think about when we first met  
the night I never will forget  
I couldn't keep my eyes off you A classic case of boy meets girl  
you smiled at me and changed my world  
now I feel that way times two Will you hang out with me tonight  
I know my day will be alright  
if I see your pretty face And every second that goes by  
I think of all the reasons why  
my life gets better everyday When I'm with You [x10] It doesn't matter what we do  
Just as long as I'm with you  
I'd do the same thing every day. I've never felt like this before  
You keep me coming back for more  
And I hope you feel the same. When I'm with you [x10]
