

Hands Up

NF

A few words to define my music

I'd tell ya it's pretty laid back

Laid back

Laid back

Let me see those hands up

Let me see those hands up

Let me see those hands up

Let me see those hands up

Hands up

Yeah, I'm like Ali when I write hooks

Yeah, get it? Right hooks

These songs are like the chapters of my life, and this is my book

Yo, you seein' me on these stages?

Comin' to a song, I'm turnin' these pages

Turn the pages

Welcome to chapter 1 of my life, "Crazy"

Yeah, let's call it that if ya'll don't mind

I gotta dope mind

With these pope lines

That don't smoke Ime

In a cold clime

ATE, so ya'll better hold on!

They telling me that I'm loco

Um, tell me something I don't know!

Ain't that a clear picture, no photo?

Yeah, clear picture, no photos! AH!

And, Yo, this ain't about the photos and the fame life

I kill my flesh and live for God all in the same life

So call me what you wanna, but

I'mma do what I gotta, Yu

And anybody gotta problem, sh.

Let me see those hands up

Let me see those hands up

Let me see those hands up

Let me see those hands up

Hands up

Yeah, I started from the bottom, a little drank, doe
I came in the game like, "Hellooo!"
I came in the game like, "Let's go!"
But this beat might break your neck yo bones!
But that's okay!

Okay

You ain't heard of me, then you so late
So just take a seat of that cold plate
And just le- le- le-let me exPLAIN!
Yo, "NF" be that logo, "Capitol" be that label
If I see beats on my table
I swear, I'mma eat the whole plate-full
And that's my life
I write what I mean, so I might
Go a little bit crae. When I find mics
I ain't doing it so I am in the limelight
Cause that limelight, it ain't life
I ain't in this for the money, and quit crackin' jokes
Cause we all know this industry is known for cuttin' throats
And if this was all for money, I'dda quit years ago
But it's not, so turn me up until my ears explode!
Let's GO!

Let me see those hands up
Let me see those hands up
Let me see those hands up
Let me see those hands up
Hands up

Let me see those hands up
Let me see those hands up
Let me see those hands up
Let me see those hands up
Hands up

Let me see those hands up
Let me see those hands up
Let me see those hands up
Let me see those hands up
Hands up

Let me see those hands up
Let me see those hands up

Let me see those hands up
Let me see those hands up
Hands up
