

Subtle Like Bombs

The Hush Now

Red, green and white
hot tracers steal across the sky
(How long)
Crashing down
and Burning through the night
For you and me
These things pretend we do not see
(How long)
Bare remains
Huddled in their graves
Side by side Dont tell me how
Were safe for now Clever disguise
Our tanks, our bombs in single file
(How Long)
Bearing down
Nowhere left to hide
Cant deny Dont tell me how
Were safe for now How long, How long
will this go on. Dont tell me how
Were safe for now
Dont tell me how
Time we opened up our eyes
Not safe for How long, How long
will this go on.
