

# Nothing in the Way

[Ghostpoet](#)

Used to think that just giving up was right, it kind of made sense  
Life at times, kind of difficult, we're counting the pounds, counting the pence  
But it feels cool, alright, at this right instance  
Yeah it feels cool, alright, at this right instance  
Yeah we all fall down  
Yeah we all fall down  
But when we get up  
Nothing in the world can stop us  
When we get up  
Nothing in the world can stop us  
When we get u-u-up, up  
Nothing in the world can stop us  
Is what I believe  
Is what I believe  
It's what I believe  
It's what I believe
