

Beloved

VNV Nation

It's colder than before
The seasons took all they had come for
Now winter dances here it seems so fitting don't you think
To dress the ground in white and gray It's so quiet I can hear
My thoughts touching every second that I spent, waiting for you
Circumstances afford me, no second chance to tell you
How much I've missed you My beloved do you know, when the warm wind comes again
Another year will start to pass
And please don't ask me why I'm here
Something deeper brought me than I need to remember We were once young and blessed with wings
No heights could keep us from their reach
No sacred place we did not soar
Still greater things burned within us
I don't regret the choices that I've made, I know you feel the same My beloved do you know how many times I
stared at clouds
Thinking that I saw you there
These are feelings that do not pass so easily
I can't forget what we claimed is ours Moments lost and time remains I am so proud of what we were
No pain remains, no feeling, eternity awaits
Grant me wings that I might fly, my restless soul is longing
No pain remains, no feeling, eternity awaits My beloved do you know, when the warm wind comes again
Another year will start to pass
And please don't ask me why I'm here
Something deeper brought me than I need to remember My beloved do you know, how many times I stared at
clouds
Thinking that I saw you there
These are feelings that do not pass so easily
I can't forget what we claimed is ours Moments lost and time remains, I am so proud of what we were
No pain remains no feeling, eternity awaits
Grant me wings that I might fly, my restless soul is longing
No pain remains, no feeling, eternity awaits Moments lost and time remains when I am so proud of what we were
No pain remains, no feeling, eternity awaits
Grant me wings that I might fly, my restless soul is longing
No pain remains, no feeling, eternity awaits Moments lost and time remains, I am so proud of what we were
No pain remains no feeling, eternity awaits
Grant me wings that I might fly, my restless soul is longing
No pain remains, no feeling, eternity awaits
