Lights

Sterling Simms

You just see the lights, yeah[VERSE 1]
Can't believe you're here
After all these years
Been a long time
Since you were here.
I remember when last I saw you
We came to end yeah, yeah
You wanna talk about it now
But what happened then, yeah
You walked away from me
Said you couldn't stay with me[BRIDGE]
You wanna come back around
It's funny I can't help but wonder why
You wanna work it out
What was wrong you wanna make it right
Somethings have changed
Can't help it but to think you see the fame
And not the one you want to love again[CHORUS]
You just see the lights
Cameras, action, diamonds, ice
Cars attracted you to lights
Money, fashion, mansions
Price I have to pay for you to love me
You just see the lights
You just see the lights[VERSE 2]
What am I gonna do
Should I take a chance or should I leave,
After what you put me through, through
Couldn't see me then when I was struggling
But you made your move, made your move
You're all about me now but what happened then, yeah
Way back when you thought i wouldn't make it
I could never turn to you, you
I can't believe you're here, here
You really haven't changed, you haven't changed
You're so beautiful, oh
In so many ways, many ways
I wanna see past the fame
But I can't do this again, again

Say it for me now, yeah
what happened when,[BRIDGE]
You wanna come back around
It's funny I can't help but wonder why
You wanna work it out
What was wrong you wanna make it right
Somethings have changed
Can't help it but to think you see the fame
And not the one you want to love again[CHORUS]
You just see the lights
Cameras, action, diamonds, ice
Cars attracted you to lights
Money, fashion, mansions
Price i have to pay for you to love me
You just see the lightsYou just see the lights
Cameras, action, diamonds, ice
Cars attracted you to lights, you to the lights
Money, fashion, mansions
Price i have to pay for you to love me
You just see the lights[X2]
I shudda known
I shudda left you alone a long time ago
I shudda told you no, no oh oh
