This Is the World

Tom Cochrane

Hey, hey, hey, hey...
Make you sometimes want to fly away
Let the critics be damned
True colours will always stand
It's no disgrace, lets cut to the chase,
Hey, hey, hey, heyThis is the one, let's not waste it
Come so close you see... can almost taste it
Some folks push for higher I guess
They won't settle for second best
But some folks know how to celebrate life
This is the one this is our worldHey, hey, hey, hey...
True lovers don't fade away
not to be stuck in some rut
When you know you've had enough
Let the fair weather ones be damned
True colours will always win
It's no debate, cut to the chase
Hey, hey, hey, hey...CHORUSThis is the one, lets not waste it
Let the better times roll in
True colours will always win
It's no debate let's cut to the chase
Hey, hey, hey, hey...CHORUS
