

The Bells

Lowell

Would you give me a beat?

Beat go The bells, the bells, the bells, the bells, and
the bounce, the bounce, the bounce, the bounce,
and the bells, the bells, the bells, the bells, and the beat When you gonna call me?

I can never tell,

I wanna hear the ding ding dong,

I wanna hear the bells The bells, the bells, the bells, the bells, and
the bounce, the bounce, the bounce, the bounce,
and the bells, the bells, the bells, the bells, and the beat I can bring it up

I can make it hop

I can take it off

Drop it like a rock The bells, the bells, the bells, the bells, and
the bounce, the bounce, the bounce, the bounce,
and the bells, the bells, the bells, the bells, and the beat Ah ah ah ah ah ah ah ah ah x4 Hey! Where'd the beat go?

Beat go

Where'd the beat go?

Beat go

Where'd the beat go? The bells, the bells, the bells, the bells, and
the bounce, the bounce, the bounce, the bounce,
and the bells, the bells, the bells, the bells, and the beat Beat go The bells, the bells, the bells, the bells, and
the bounce, the bounce, the bounce, the bounce,

and the bells, the bells, the bells, the bells, and the beat Hey! Where'd the Beat go?

Beat go

Where'd the beat go?

Beat go

Where'd the beat go?

Beat go

Beat go
