

Down On the Corner of Love (Alternate Take)

Buck Owens

You'll find me hangin around
That's where I'll be found
Down on the corner of love Neath the stars that shine
And neon signs
Down on the corner of love When night starts to fall
And love starts to call
Down on the corner of love You'll find me hangin around
That's where I'll be found
Down on the corner of love When it's late in the evenin'
I can't help a feelin'
My heart you're stealin'
Neath the stars up above Oh, when the sun goes down
And the moon comes around
I'll be down on the corner of love Oh, when the sun goes down
And the moon comes around
I'll be down on the corner of love If you're passin' by
Too lonesome to cry
Down on the corner of love Just stop for a while
I'll teach you to smile
Down on the corner of love The love that you had
Dirtied you bad
Down on the corner of love Forget you were blue
And start life anew
Down on the corner of love When it's late in the evenin'
I can't help a feelin'
My heart you're stealin'
Neath the stars up above Oh, when the sun goes down
And the moon comes around
I'll be down on the corner of love
