

Live It Up

Time Bandits

If your heart is filled with love or hate
Find yourself a way to reach out for
Testing your life, easing to get
it
Find yourself wasting your time
Sometimes we won't eat to break on through
Your acts of life, the careless
mood to show
It can be cruel, it can be hard
Live out your life, show some emotion
You got to live it up
Let it show to the top
You got to live it up
Let it show to the top (Ah, aha, ooohooo)
You got to live it up
Let it show to the top
You got to live it up
Let it show to the top
Reaching out for love, fool, ain't no crime
Open up your heart
and then you'll find
Best things of life, it don't hold back
Live out your life, show some emotion
You got to live it up
Let it show to the top
You got to live it up
Let it show to the top (Ah, aha, ooohooo)
You got to live it up
Let it show to the top
You got to live it up
Let it show to the top
You got to live it up
Let it show to the top (You got to live it up, y'all)
You got to live it up
Let it show to the top (Ah, aha, ooohooo)
You got to live it up
Let it show to the top
You got to live it up, y'all
You got to live it up
Let it show to the top (Ah, aha, ooohooo)
Live it up (I wanna)
Live it up (I wanna take you)
You got to live it up, y'all
Live it up (I wanna take you)
Live it up (I wanna take you)
You got to live it up, y'all
Live it up (I wanna)
Live it up (I wanna take you)
You got to live it up, y'all
Live it up
Live it up
You got to live it up, y'all
