I Look Good

Charlie Boy

"I Look Good"
(feat. Doe Hicks, Savvy, Luck)
Cause I look good, I look good
Girl, I look so good
Look so good, look so good
Girl, I look so good
From my head to my toes
You already know
From my head to my toes
You already know
That I look good, I look good
Girl, I look so good
Look so good, look so good
Girl, I look so good
From my head to my toes
You already know
From my head to my toes
You already know
That I look good, I look good
Girl, I look so good
Look so good, look so good
Girl, I look so good
From my head to my toes
You already know
From my head to my toes
You already know
I look good
Y'all know I keep big dickin' these hoes
This chick I'm with so bad I think about twitpic'n these hoes
Plus I look good, Shouts out to my mama
Plus I just left the bank so shid shouts out to my commas
Been had them bad bitches, I'm used to that
What else you expect, I am, Mr. No booty pads
I-I-I got that soft, why you think they on me
That's why they call me 57 Hinds County Shorty
And I can't even lie, you know I'm the truth
I ain't even got game, she wanna fuck me cause I'm cute
Cause I look good, I look good
Girl, I look so good

Look so good, look so good
Girl, I look so good
From my head to my toes
You already know
From my head to my toes
You already know
That I look good, I look good
Girl, I look so good
Look so good, look so good
Girl, I look so good
From my head to my toes
You already know
From my head to my toes
You already know
I look good don't it, magnificent
Yo chick into me, hopin' we can get intimate
I'm a debonair, hoe smilin' from ear to ear
Savvy been a playa, I kill the swag throw me the chair
I'm GQ, ballin' baby we huge
We can make a movie but right now I need a preview
My Rock N Revival jeans help nothin but my self esteem
Just look in the mirror
Just look, ain't that nigga clean?
If I want it I grab it
I buy it, I wear it
Head over heel with them horses
I'm a polo fanatic
I leave them bitches estatic when they see me traffic
I live my life like a pip, you might see me with gladys
Cause I look good, I look good
Girl, I look so good
Look so good, look so good
Girl, I look so good
From my head to my toes
You already know
From my head to my toes
You already know
That I look good, I look good
I'm comin' back from Paris
I'm shoppin' living' so lavish
My wheels is sittin' on Ferris
I'm what you girlfriend girlfriend talk about?
I fuck her 'til she bleed then I walk it out
I'm never at the crib I'm in the parking lot
Valid like yea better park a lot

Show dudes, show you what's coming out next year
What's coming in the future
When I say your bitch I know I'm coming in the future
Yea nigga cute, ask so bitch, umm what to do?
Ask your friend, I fucked her too
Bad thing nigga, I don't fuck with you
Uh, I don't think it, bitch, I know it
My self-esteem's on bricks, I let my ego fuckin' tow it
I don't talk about money, I let my wardrobe show it
If your closet tells a story then mine shits historic nigga
Cause I look good, I look good
Girl, I look so good
Look so good, look so good
Girl, I look so good
From my head to my toes
You already know
From my head to my toes
You already know
That I look good, I look good
From my head to my toes
