

# Calm Me Down

## Mother Mother

Calm me down, calm me down  
I'm inside out and upside down  
Hold my head in your hands  
To calm me down, get it out Get it out, oh, get it out  
Use your teeth and your mouth  
Cut in deep, the bullet out  
Oh no, I'm aroused now, I'm aroused You better calm me down, oh  
Calm me down  
Use your teeth and your mouth Use your body  
Use it to put me to sleep  
Your body, oh  
Soothe my soul so beautiful All my life, oh, all my life  
I hurt myself and cut myself  
Put myself through living hell  
Also I could feel what I felt When you took me in  
Absolved my sins  
Give me flesh and skin  
Use your skin Use your body  
Use it to put me to sleep  
Your body, oh  
Soothing my soul, so beautiful Calm me down, baby  
Your teeth, your mouth  
Happily, married  
Baby, calm me right down Use your body  
Use it to put me to sleep  
Your body oh Use your body  
Use it to put me to sleep  
Your body, oh Soothing my soul, so beautiful I wanna be a good man  
Don't wanna be no has-been  
I wanna be a real friend Don't wanna break what I been  
I wanna be a sweet son  
Don't wanna fight witch my mom I wanna be your seeker  
I wanna scream eureka  
I wanna scream eureka  
I wanna scream eureka
