

## Now I'm Everyone

## Biffy Clyro

Happiness is an allusion  
Hold me close to see me a little more  
Until my body feels your magic touch  
And seals my skin before it rots  
My castle is a great illusion  
Now I'm everyone, now I'm everyone, now I'm everyone  
Now I'm everyone, now I'm everyone, it's less than I've ever been  
Hairy eyes are an obstruction  
Help me die, don't wanna rush ya  
And all I need is a philosophy  
Of noise to help me laugh and breathe  
My castle is a great illusion  
Now I'm everyone, now I'm everyone, now I'm everyone  
Now I'm everyone, now I'm everyone, it's less than I've ever been  
Now I'm everyone, now I'm everyone, now I'm everyone

Now I'm everyone, now I'm everyone, it's less than I've ever been
