

# Empathy (Remastered)

## Gamma Ray

As the days grow colder now  
And everything is lost  
A vision forms of better men  
Rising from the cross Never held the key to life  
Finally their loss  
Rising from the emptiness  
And all that ever was The battle rages on 'til now  
Many men were lost  
Dried into an empty shell  
Nailed onto the cross As I lie awake by now  
Having never loved  
Heaven sent for all of us  
So painful our loss In the eyes of the world, a believer  
But I'm sure they are turning away Takes me down to a place below  
Can't you see I'm falling?  
Pain has come and the world will surely hide  
In empathy And then the world's religious fools  
Come knocking at your door  
Mankind is not wiser now  
I've heard it all before Still the mindless will hail the deceivers  
And I'm sure they'll be turning away Takes me down to a place below  
Can't you see I'm falling?  
Pain has come and the world will surely hide  
In empathy Takes me down to a place below  
Can't you see I'm falling?  
Pain has come and the world will surely hide Takes me down to a place below  
Can't you see I'm falling?  
Pain has come and the world will surely hide  
In empathy Empathy, in empathy  
(And the world will hide)  
In empathy, in empathy  
(And the world will hide) In empathy  
(Yes, the world will hide)  
In empathy  
(The world will hide)  
Empathy, empathy
