

Met You On Myspace

Care Bears On Fire

Met you on Myspace, we got real close
Told you all my secrets, you told me most
But our relationship was torn when I found outUnicorn, unicorn
 I met you on Myspace
 You have a horn
 Unicorn, unicorn
Met you on MyspaceSaid you were twelve and live in my nabe
 But you're really 300 and you live in cave
Cause your relationship was torn when I found outUnicorn, unicorn
 I met you on Myspace
 You have a horn
 Unicorn, unicorn
Met you on MyspaceShould have known then {should have known then}
 Should have known then {should have known then}
 A Stallion and a pony {stallion and a pony}
 Were your top two friendsUnicorn, unicorn
 I met you on Myspace
 You have a horn
 Unicorn, unicorn
Met you on MyspaceUnicorn, unicorn
 I met you on Myspace
 You have a horn
 Unicorn, unicorn
Met you on Myspace
