

Sadness Is a Blessing

Lykke Li

My wounded rhymes make silent cries tonight
My wounded rhymes make silent cries tonight
And I keep it like a burden
I'm longing from a distanceI ranted, I pleaded, I beg him not to go
For sorrow, the only lover I've ever knownSadness is a blessing
Sadness is a pearl
Sadness is my boyfriend
Oh, sadness I'm your girlThese scars of mine make wounded rhymes tonight
I dream of times when you were mine so I
Can keep it like a haunting
Heart beating close to mineSadness is a blessing
Sadness is a pearl
Sadness is my boyfriend
Oh, sadness I'm your girlI ranted, I pleaded, I beg him not to go
For sorrow, the only lover I've ever known
Every night I rant, I plead, I beg him not to go
Will sorrow be the only lover I can call my own?Sadness is a blessing
Sadness is a pearl
Sadness is my boyfriend
Oh, sadness I'm your girl
Sadness is my boyfriend
Oh, sadness I'm your girl
Oh, sadness I'm your girl
